Depth = 6 cm (2.4")

Description

Hi I have for sale a 1960s Oval carriage clock made by the famous Garrard company (Queens' Jeweller) it has been fully serviced and is in stunning condition I think ex shop stock looks like new with the gold plating on the movement and of course keeping spot on time over eight days with the original key perfect as a gift to be engraved with that special message possibly? The Case The case is in the rare oval style which is solid heavy brass and stands 16 cm high x 10cm wide with a depth of 8cm it is in perfect condition with mint oval bevelled glass sides/front/back door and top viewing glass. The Dial The dial is in mint original condition. It is white with Roman numerals and the signature of Garrard & Co London. The clock also retains its original black moon hands. The Movement The movement is an eight-day time only; the movement has been serviced and oiled so keeping great time over the eight days via the original jewelled escapement to the top. Overall a very beautiful heavy top quality carriage clock by a quality maker that looks stunning on display and contains all of its original features this is quite a rare find these days. I will post worldwide.

Internal Ref: Garrard Ex Stock
