Description

A rare antique solid silver soap dish. It is hallmarked with European silver marks and tests as high grade silver. I would date it to c1820 possibly German or Italian. It has been superbly made being cast with a cherub and dolphin or fish. It is in superb condition being free from splits holes repairs and dings. It measures approx. 4.5 inches (11.5cm) long by 3 inches (7.6cm) wide and weighs 54 grams. A beautiful piece.
