Description

...oh the tales it could tell! An earlier variation of the gate-leg type which had typically gained six legs by the last decade or so of the 17th century. By family repute this is a tavern table, which is perfectly possible and explains the fairly extensive repairs and replacements, particularly to the top, undertaken over the past 350 or more years. Structurally solid and ready for battle. Reliable transport throughout the UK can be easily arranged at cost price, please let me know if you require a quote, or have any other questions
