Description

Antique silver half hunter wrist watch, 1916. The watch has a Swiss hand-winding movement which is working nicely. The movement is stamped DF&C for Dimier Freres & Cie, well-known importers and sellers of Swiss watches, with offices in La Chaux de Fonds, Switzerland and London. The DF&C mark was registered in 1901. They also worked under the brand names Selezi, Selex and Dimra. The watch measures 35mm diameter excluding the later winding crown and the fixed wire lugs. The case is silver and there are hallmarks inside the screw-on case back for London 1916 together with the sponsor's mark for George Stockwell. From 1 June 1907, Stockwells acted as assay agents, facilitating the import into Britain of foreign gold and silver items which had to be assayed and hallmarked in a UK assay office before being released for retail. There is also a brevet or patent number 71363 for a 1915 patent relating to the case design. The case is in good condition, just a little unevenness to the side but all very acceptable. The small button between the bottom lugs opens the hinged front cover. The glass lens is in lovely condition. The dial is in lovely condition with original hands,...
