Description

This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. The watch is the Omega Seamaster Oversize from 1966 with calibre 562 fully automatic 24 jewel movement widely considered to be one of the most reliable Omega movements ever made. The model reference number is the rare 166.011 Seamaster Oversize this model is rarely seen in the UK. The black satin dial with faceted lozenge markers with black onyx inserts is perfect having just been professionally restored. It has the Omega symbol on the winding crown. A new glass has just been fitted. It comes with a leather strap of your choice or a top quality stainless steel mesh bracelet just let us know your preference. As you would expect the watch is fully marked on the dial, movement and case. Omega are one of the most exclusive watchmakers in the world and this watch certainly has that understated elegance that whispers class. The watch case measures 36mm in diameter not including the crown which makes this an oversize model. This was the largest Seamaster made in the early 1960s. The watch has been fully serviced and comes with a one year warranty. It is r...
