Description

A good example of an original opaline glass ceiling light. It is an attractive shape and has its original patinated metal gallery. The light is made to hang from the ceiling on a chain and has been wired with a simple hanging braided flex cord and modern bayonet bulb holder. This makes it easy to adapt or hang over an existing flex. The light is in good condition with no damages apart from a few small nibbles around the rim. The gallery has been lightly cleaned to retain its patinated finish. It is ready to install but we always recommend that the light is checked and wired by a professional electrician. Approximate Measurements : Height : 15" / 38cm (including gallery) Width : 14" / 36cm The best description comes from the photos so please look at them all carefully and if you have any questions just ask.
