Description

A fantastic convex wall mirror dating from the mid to late 19th century. It has a gilded frame with applied ball decoration and an ebonised reeded slip. There is a carved eagle on the top and carved leaf decoration below the mirror. It is in good condition for its age. The frame has been repainted at some point but the colour is bright and vibrant and it displays well. There are some signs of age and some small chips and minor losses here and there but nothing detrimental. There have been a few old repairs but overall it is strong and sturdy. It has been lightly cleaned and is ready to hang.
