Description

A beautiful very impressive large pair of English sterling silver candlesticks. They are hallmarked for Sheffield 1910 with the makers marks being WF AF. They have been beautifully made having a traditional style and engraved with the insignia of the APTC being presented to a Lt Col in 1963. They are in superb condition being free from dings splits holes and repairs, the odd small mark see final photos. They measure approx. 9.5 inches (24.2cm) tall by 4 inches across their bases and wide across the base by 4.25 inches (11cm) tall and combined weigh 1260 grams (the bases will be weighted). A superb interesting pair.
