Description

This is a stunning Chinese watercolour on silk of a magnificent Phoenix type exotic bird with wonderful colours to the fine feathers. The bird is depicted on a rock with attractive cherry blossom beneath. The painting is signed by the artist Cheng Yee Yet to the upper right border and has a red seal stamp beneath the signature. There is some slight deterioration to the silk, lower right underneath the signature but this is nicely framed under glass so quite stable. The picture measures 56 cms by 48 cms overall including the frame. UK insured packing and delivery is £20.
