Description

A good pair of early IMARI chargers. As can be seen by the illustrations these are very finely decorated unlike the turned out type made between 1900 and 1930.. The quality and detail of the decoration exceeds many offered in the market today, They are completely in original condition without cracks chips, or rubbing to the gilding due to over cleaning. This rare pair would enhance any collection or simply add to the decor of a fine home. For further decorative items please visit our website. www.frankcraigantiques.com.
