Description

Gents 1960s Smiths Astral wrist watch. The watch has a 15-jewel hand-winding movement, stamped Made in England, which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is chrome plated while the case back is stainless steel, and it is all in lovely condition with just general light surface marks, nothing serious at all. The lens is in good condition (some reflection showing in the photos). The signed dial is in its original finish with original hands and a subsidiary seconds dial. There is some light age related marking across the dial, and a slight indentation between 10 and 11. A new leather strap has been fitted. The watch comes in a new presentation box.
