Description

A super set of silver enamel napkin rings numbered one to four in the original box. Each napkin ring bears the signature for Bernard Instone, Birmingham 1929. Lovely colours in the enamel. Napkin ring no 4 is perfect. The others show no obvious loss of any enamel see pictures, but if you run your finger over them there is a slight rough area on each one, however, the colour does not appear to be missing, so wondering if this occurred in the making. However, this in no way detracts from what is a wonderful and rare set. Each napkin ring measures L 4.8 cm W 3.6 cm D 1.5
