Sold**Item Reference: SA1118117****Date of manufacture: 1900**

Description

A beautiful and interesting solid sterling silver chalice cup. It is hallmarked with Hanau (German) marks and tests as high grade silver. I suspect the cup dates to c1890-1910 slightly earlier than the inscription which interestingly relates to Sir Hugh Denis Crofton who was entitled to be the 8th Baron of Mohill Castle Co Leitrim Ireland - there are photos in the national gallery of him as a baby (simply Google his name) which is when he would have received this. It is in super condition being free from dings splits holes distortions and repairs. It measures approx 4.5 inches (11.7cms) tall by 2.5 inches across the rim and weighs 102 grams. A very interesting piece.
