## Description

Well Loved & Looked After Triple Weight Westminster Chiming Small Longcase Clock. Good Colour and Patination, Art Deco Astragal Glazed Long Trunk Door, All Raised on Bracket Feet. Height 76.75in (6ft 4.75in) or 195cm. The 8 Day Westminster Chiming Movement is by Peerless with Their Mellow Embree Gong Rods. (This is my favourite musical combination as they have fine vernier adjusters to assist with a smooth beat and harmonious tune). Strike/Silent and Chime/Silent Levers. This clock came to us direct from the family whose Grandparents had received it from new in 1926 as a Wedding Present. It had been much enjoyed and in recent years their Grandson had had it well maintained, including lavishing £500 on a full clock service. Full working Order & Sounding Good. Please contact Robert via Messages or on 07899 058752 to Discuss. Please Supply Your Postcode for Delivery and Set Up Options. For some UK locations a courier service may need to be used and in which case set up instructions will be given.
