Description

This Pair Of French Marble Topped Bedside Tables are of a wonderful, elegant design. Their form is full of shape and curved surfaces. A degree of practicality can be found with a useful drawer, generous lower tray, and marble top to each table. The decorative ormolu mounts work so well with the rich hue of the inlaid wood. The gallery around each top makes sure that things cannot roll off easily. Presented in excellent restored condition, and being finished all round meaning they can be placed anywhere in a room, these tables would work well in so many areas of the home.
