Description

A glorious antique pearl and diamond ring. The large, creamy and lustrous pearl in the centre is flanked, at the north and south, by a pair bright and round diamonds; one an old European cut, one a brilliant cut. The impressive, sweeping platinum shoulders are set with 12 (six each side) chunky old mine cut diamonds, which leads to a 18k yellow gold shank with double-fluted detailing. A further pair of old cut diamonds are set in the decorative swirls to the east and west of the pearl. Truly lovely. This ring is accompanied by an independent jewellery report from IGR. Cut: One of the main diamonds is a round brilliant, one is an old European cut. The remaining diamonds are old mine cuts. Colour: The two main diamonds are H and I. The remaining diamonds range from I to M. Clarity: One main diamonds is I1, one is VS2. The remaining diamonds are VS2 to I1. All the diamonds are clean to the naked eye. Carat: Each of the two larger diamonds is approximately 0.45 carat. With a further approximate 0.17 carat in the surround. Condition: One of the main diamonds is a modern replacement. This does not materially impact the look of the ring, but is worth being aware ...
