Description

This is a wonderful example of a 'Cellini' solid sterling silver and gilt wine ewer or claret jug. It carries the maker's name of George Ivory and is clearly hallmarked for London 1851. Every part (including the ring top of the stopper) carries conforming hallmarks. The stopper is cork with silver mounts at either end. There are a slightly clumsy pair of initials on the neck of the ewer. Benvenuto Cellini was an 16th century Italian goldsmith and silversmith and an important artist of the Mannerist period. A stunning piece. Dimensions Height: 30cm Diameter: 11cm Width: 18cm Silver weight: 921g (exc stopper) Total weight: 965g. Post and packaging are free within the UK. Overseas buyers please e-mail for postage costs and please note: Import duties, taxes, and charges are not included in the item price or shipping cost. These charges are the buyer's responsibility. Please check with your country's customs office to determine what these additional costs will be prior to buying.
