Description

A stylish and extremely well made Art Deco nesting coffee table in walnut. This was made in England, it dates from the 1930's. The quality is outstanding, this has a gorgeous design and is very practical. The four smaller pie shaped tables nest beautifully under the larger circular table. One of the smaller tables has a lovely hidden feature, the top edge is hinged and it lifts up to reveal hidden inner storage space. We have had these all stripped and re-polished to a very high standard, the condition is immaculate throughout. The grain patterns and colour tones are absolutely gorgeous.
