Date of manufacture: 18th Century

Dimensions

Height = 71 cm (28.0")

Width = 81 cm (31.9")

Depth = 81 cm (31.9")

Description

A lovely chunky Geo III mahogany tripod table. It has a nice one piece top and stands on a very bold base with spiral turned knop to the column. It has a birdcage to the top of the column that enables it to rotate and tip up. It is in original unrestored condition and does have the usual knocks and marks associated with age and use. There are signs that it originally has casters but it stands very well without them. Free local delivery (40mils), national and international delivery arranged at cost.
