Description

Rare 'matched' pair of mid C18th George II period mahogany cabriole-leg low-boys. Pair of mahogany low-boy tables each with a shaped knee-hole and fitted with 3 frieze drawers, the moulded profile edge rectangular tops with 'cusped' or re-entrant corners. The oak-lined drawers having moulded-edge surrounds and fitted with original brass solid back-plate handles, being of slightly differing design to each table. The tables each raised on 4 shapely cabriole legs terminating onto pad feet. Heavy grade of selected dense Cuban mahogany which has achieved a rich colour and patina to the original surface. Both tops with various historic marks, stains and dents commensurate with age, use and purpose. Undoubtedly made in the same workshops, having the same method of construction, dimensions and design. A rare matched pair of C18th period tables to bring symmetry to a scheme in a variety of possible uses and settings. H 29" W 30" D 20" England c.1750
