Description

A huge very interesting and very impressive English sterling silver capstan inkwell. It is hallmarked for Birmingham 1937 with the maker being WNLtd. It has been interesting presented to a Captain of the Kings African Rifles. It is in very good condition being free from splits chips cracks and repairs, just a couple of small dimples (see final photos), and light scratches from polishing. It is very large measuring over 8 inches (21cms) across the base by 3.5 inches tall and weighs 1kg, (the base will of course be plaster filled). A very interesting piece.
