Dimensions

Height = 30 cm (11.8")

Width = 25 cm (9.8")

Depth = 5 cm (2.0")

Description

A classic vintage diamond engagement ring. The diamond in the centre - graded by IGI as H colour, VS1 clarity - is dazzlingly white and internally clean. The stone is set in a platinum eight-claw rex collet which sits on a slim and tapering 18k white gold shank. Although IGI have described the cut as Round Brilliant, the diamond has many characteristics of an Old European Cut - slightly smaller table, cut culet, burnished girdle - making this a transitional cut (a very rare cut that bridged old European cut and round brilliant) rather than a modern round brilliant. Accompanied by a diamond report from IGI. Cut: Transitional cut. Colour: H. Clarity: VS1. Carat: 1.00. Circa: 1950. Size: K 1/2 (UK) or 5 3/8 (US). Free sizing available. Measurements: The diamond is 6.57 x 6.67mm and sits 5.3mm from the finger. Weight: 1.95 grams. Metal: The band is 18k white gold. The diamond is set in platinum. Tested with a Niton DXL Precious Metal Analyzer. Item # 312113S270

Internal Ref: 312113S270
