Description

This dresser base is in good condition. We have professionally stripped and restored it and then waxed it in a lovely antique brown bri wax. The dresser base would look well in an old or modern property amongst similar antique pine furniture for storage. This would look great in an unfitted kitchen or a living room with a flat screen TV on top. This is heavy so I will require a hand off the van with it. The dresser base stands on round turned bun feet supporting the main section. There are three large drawers either side of one large middle door. The drawers have original metal handles. They have dovetail joints and are pine lined. The middle door has one beautifully shaped panel that is fielded. There is a knob to the door. There is a shelf for storage and behind the door. The top is in good condition with a bull nosed edge. The height is 83cm, the width is 149cm and the depth is 47cm.
