Gents 1960s Eterna-Matic automatic wristwatch

Price

Sold**Item Reference: SA1122389****Date of manufacture: 1960**

Description

Gents 1960s Eterna-Matic automatic wristwatch. The watch has a signed good quality automatic movement which is working nicely. The watch measures 33.5mm wide excluding the winding crown and 33.5mm high excluding the lugs. The case is gold plated with the front facing having a brushed finish. The screw-on case back is stainless steel and it is signed inside with the Eterna-Matic name. Signed winding crown with the ball bearings logo. The watch has its original lens with the small clear Eterna ball bearings logo to the centre. The signed dial is in its original finish with original hands, centre seconds hand and date display (quickset at first position). A new leather strap has been fitted. The watch comes in its original Eterna presentation box... the lid lining is faded and a bit tatty but still good to have the box.
