Description

A lovely example of an antique mahogany candlestick table lamp. It is an elegant and stylish piece with a round foot, turned column and square brass sconce. The bulb holder sits atop a faux candle-top. It has been PAT tested and rewired to modern standards with a braided flex, an in-line on/off switch and a standard bayonet bulb holder. The lamp is in good condition and has a lovely rich patina. There are some signs of age and use but nothing detrimental and it displays well. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
