Description

Gents 1950s Movado wrist watch. The watch has a 17 jewel calibre 125 hand-winding movement which is working nicely. This calibre was in production between 1946 and 1961. The movement is fully signed with the Movado Factories name, and it is all protected by an inner cover. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just light surface marking, nothing too detrimental at all. The winding crown is unsigned but appears to be the original. The lens is in lovely condition. The signed dial is in good condition. Original hands (with light marking), a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
