Description

A lovely antique burr walnut side table, made in England and dating from around the 1920's period. The quality is superb, this is a very well made and useful item. There is a single drawer with fine, hand cut dovetailed joints. This stands on cabriole legs, there is a raised back gallery, the back is polished so it can be used as a free standing item. We have had this re-polished, the condition is excellent for its age. The burr walnut grain patterns and colour tones are stunning.
