Description

If you would like this armchair upholstered please click yes in the upholstery drop down menu. This would require 7 metres of material. You can supply your own or please get in touch and we will send you the list of fabric companies we work with. All my antique armchairs have been fully restored, springs, legs, padding etc so these will stand the test of time even if used everyday. This is a very high quality and beautifully designed English country house armchair. It is unusual as it is exceptionally deep and was most likely used as a lounging chair for a good drink and a smoke. The style is very similar to that of Howard and sons. It even stands on tapered mahogany legs capped with brass casters. Clean design and very comfy. Height 74cm Width 79cm Depth 116cm Depth of seat 70cm Height of seat 31cm
