Description

A large and impressive antique French marble top console / centre table. This was made in France, we would date it from around the 1890-1910 period. It is of superb quality, with stunning carving throughout. It is a great size and is carved on all sides, so can be used as a free standing item as a centre piece table, or it can be used against a wall as a console table. The gilt wood finish has a gorgeous patina, with just the right amount of wear. This has a gorgeous marble top that has amazing purple, white and grey tones. This is in excellent condition for its age, with just some minor surface wear and some minor cracks to the carving, nothing that affects the structural integrity. Width – 60 inches , 153 cm Depth – 31 inches , 79 cm Height – 35 inches , 89 cm
