Antique Elgin pocket watch,
1924

Price

Sold

Item Reference: SA1124460

Date of manufacture: 1920

Description

Antique Elgin pocket watch, 1924. The watch has a grade 303 seven jewel stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 26,667,306 which dates it back to 1924. The watch measures 46mm diameter excluding the winding stem and the loop. The case is 10k gold filled and was made by the Dueber Watch Case Company. The case has light surface marking but overall it is in nice condition for such an early piece. The case has a screw on front and back. The acrylic lens is in nice condition with only light marking, all very acceptable. The signed silvered metal dial is in nice condition with original ornate blued steel hands. The watch comes in a new presentation box.
