Description

A delightful Westminster-Chime wall clock in impeccable order throughout. The 8 day (KIENINGER) movement plays the W.C. chime on the quarters and the number of hours on the hour. It has just been fully serviced by our BHI registered horologist and carries our usual 12 mths full parts and labour guarantee. The case is beautifully polished with an astragal glazed lower half to the door. The gold coloured dial has a silvered chapter ring with black Roman numerals and nicely shaped hands; all contrasting nicely with the case. Importantly, it strikes on rods, giving a very crisp and beautiful tone when striking. Complete with original key and ready to go straight to work. A very smart little clock. All cards accepted.
