Description

This dresser is in good condition. We have professionally stripped and restored it and then waxed it in a lovely antique brown bri wax giving it a stunning patina. The dresser would look well in an old or modern property amongst similar antique pine furniture for storage. This would look great in a small country cottage kitchen. The dresser stands on georgian bracket feet supporting the main section. There are two large doors. Each door has one panel that has a pretty shape to the top. Behind the doors there is a half shelf for storage. Above the doors there are two large drawers with round turned wooden knobs. They are pine lined and have dovetail joints. The top is in good condition with a bull nsoed edge. The rack section sits neatly upon the base with dowles. There are two shelves and a flat cornice that has a pretty carved section beneath. The height is 189cm, the width is 116cm and the depth is 50cm.
