Description

This is a very unusual & special piece of furniture. The washstand features a carved arched pediment over a marble back and top. The base has two short over two long drawers with elegant Art Nouveau inspired brass handles and it is supported on short, curved legs. This piece compliments a dressing chest we also have for sale. The marble top has been professionally repaired decades ago & the join is invisible to the naked eye. (More detailed photos if required). Please see our other listings for more antique, retro and sign written furniture. Working height 74cm
