Description

Gents 1929 silver Lanco wrist watch. The watch has a Swiss 15-jewel hand-winding movement which is working nicely. The movement is signed Lanco, a brand name first registered by Langendorf in 1913. The watch measures 27mm wide excluding the winding crown and 32mm high excluding the lugs. The case is silver and there are hallmarks on the back of the watch for Edinburgh (import mark), 1929. Overall, the case is in good condition, just the odd minor mark, nothing too serious at all. The convex lens is in good condition (some reflection showing in the photos). The dial is in its original finish with original hands, a subsidiary seconds dial and inner minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
