Description

Gents 1950s Smiths De Luxe wrist watch. The watch has a calibre 27CS 17 jewel hand-winding movement, signed Made in England, which is working nicely. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is gold plated while the case back is stainless steel. If you look closely, there is some rubbing to the plate on the lugs. The lens is in good condition, just a 4mm light scratch, not too noticeable at all. The signed dial is in its original finish with original hands and centre seconds hand with red pointer end. A later leather strap has been fitted. The watch comes in a new presentation box.
