George II Walnut Bureau of Small Proportions c. 1740

Price

Sold**Item Reference: SA1126248****Date of manufacture: Georgian**

Description

A good George II walnut bureau c. 1740 of warm rich colour and condition and of a small and compact size. Beautiful matched burr walnut veneers to the drawer fronts, top and fall front, each with featherbanded borders and the with excellent figuring. . Lovely walnut interior with original sliding panel to reveal the well below, and convex shaped drawers (one with partitions for the original ink wells) each with very fine oak linings. . The principal drawers are oak lined also and open and close smoothly. . All set on original bracket feet and retaining original timbers throughout including the backboards. . A good example with working key to the fall and separate working key to the inner door which opens to reveal a bank of three drawers, each again with fine oak linings. . Heavy and robust and entirely usable with a very good colour and naturally deep patination. . . Dimensions are: . 37.5 inches wide, 21 inches deep and 42 inches high. Depth when fall is open is 35 inches deep. Floor to writing surface is 31 inches. . For metric please multiply by 2.5
