Description

One of the nicest small snuff boxes I have bought....this fine example is made from mahogany and is in the form of bellows and has also been made as a token of love by the maker....it is decorated with the word Love written across the underneath in brass pinwork as well as the whole box being cleverly decorated with brass pinwork....there is also a central turned bone roundel in the top....just lovely quality and still in very good original condition with a fine colour. English. C1840-60.
