Description

A superb antique mahogany concave leather top desk in the Regency revival style. This was made in England, it dates from around the 1890-1910 period. The quality is outstanding, this is beautifully designed with a fantastic concaved shape to the front of the desk top. This stands on lovely curved X frame legs, supported by a turned stretcher. There are lovely brass handles on the drawers, the top has a beautiful inset tooled leather writing surface. We have had this re-polished, the condition is excellent for its age. There is just some minor wear beneath the polish here and there, commensurate for age.
