Antique Collector or Architect Plan Chest 1920

Price

Sold

Item Reference: SA1127995

Date of manufacture: 1920

Dimensions

Height = 84 cm (33.1")

Width = 94 cm (37.0")

Depth = 71 cm (28.0")

Description

Antique oak plan chest with brass cup handles and label inserts. The architect plan chest has 6 full sized drawers, and it splits horizontally in two for transport. Four useful and unusual ball brass wheels support the structure facilitating its movement. This is a statement piece that can be used also as a small kitchen island for an industrial and unique touch. The top shows old stains and marks which, in our view, only add charm and authenticity as the top would have consistently been used to display and work on drawings. Drawers running well and condition consistent with the age and use.
