Description

A good example of an antique Welsh milking stool dating from the early 19th Century. It has a thick slab top set on three simple legs. It has the most fabulous patina and colour with traces of the original reddy brown pain visible in places. It is in very good condition for its age and is solid and sturdy. There are of course signs of age and use and knocks and marks but no major damages or anything detrimental. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £20
