Description

An attractive antique Windsor armchair. The solid elm seat is raised on four turned legs with a turned H-stretcher support, providing stability and durability. The double bow-back design features slender spindles and a distinctive pierced central splat with heart-shaped cutouts, a characteristic detail often found in 18th- and early 19th-century English Windsor chairs. The gently curved arms, supported by additional spindles, offer both comfort and structural integrity. This chair retains a rich, aged patina, with wear consistent with its age. Likely of English origin, this piece is a well-crafted example of traditional Windsor chairmaking. Item Ref; M-5910 . DIMENSIONS: Height - 103cm / Width - 55.5cm / Depth - 42cm / Seat Height - 45.5cm . CONDITION REPORT: In good antique condition throughout with some signs of age. There is surface wear in places, including age-related marks and scratches. Fading to the arms and back, with some minor dents and wear to the edges. Structurally solid and sturdy. Our experienced carpenter meticulously inspects, repairs, and restores each item in our collection. This ensures that every piece you purchase from us is ready to be seamlessly ...
