Description

A lovely small Geo III sideboard in nicely figured mahogany. It is of unusual form in that it has a concaved centre draw. It stands on elegant slim turned legs and has its original bone keyhole escutcheons and a nice set of gilt brass knobs. It is in good unrestored condition and is a lovely colour. As you would expect it has a few minor knocks and there are some historic scratches to the top. National and international delivery arranged at cost.
