Description

Antique silver Omega pocket watch, 1912. The watch has a signed stem-winding movement which is working nicely. The movement is fully signed and it has the serial number 4,169,377 which dates it back to 1912. The movement is protected by an inner hinged cover. The watch measures 51mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks for London (import mark) 1912 with an importer's mark of SA for Selling Agency, and the early Omega logo. The bezel has a few small marks and there is some unevenness to the hinged case back. The glass lens has small marks but is very acceptable. The dial is in good condition. The watch comes in a new presentation box.
