Description

A very pretty silver & cut glass perfume bottle. The body of the glass is an unusual shape, like a square cut away with faceted panels adding interest. The glass is heavy and the bottle feels lovely and solid when held. In excellent condition, including glass stopper that fits snugly. The silver top has an engine turned decoration on the top and is hallmarked to the neck. There is a slight indentation to the silver top that can be seen in the photos. The silver collar is hallmarked for the Birmingham Assay Office with a date mark for 1928 and Lion Passant to indicate sterling silver. Maker's marks are also visible for Adie Brothers Ltd.
