Description

This door is in good condition. We have professionally stripped it ready for you to either sand and paint or sand and wax. The door would look well as a bathroom, ensuite or utility door as you can not see through. It was very difficult to photograph and is much better than the photos! Please buy with confidence. The door has a lovely frame with a smaller wooden bottom panel and lovely glazed top panel that is beautifully etched. The glass is in perfect condition. This is one of three doors I have purchased that all came from the same house. So if you are looking for more than one etc. The height is 195.5cm, the width is 75.5cm and the depth is 3.5cm.
