Description

A lovely antique burr walnut cabinet on chest. This was made in England, it dates from around the 1920-30's period. It is of excellent quality, with stunning burr walnut grain patterns and lots of storage space. The upper compartment contains a removable shelf and comes with a locking key. The lower half sits on bracket feet and contains three generous drawers. There is a useful pull out sliding shelf in the middle, and the top lifts right off, so this breaks down into two pieces for ease of transport. The top has lovely canted and reeded edges, the door and drawer fronts have beautifully cross banded edges. This is a versatile piece, it would work well as a drinks cabinet or even as a bedroom storage cupboard. We have had this recently re-polished, it is in excellent condition for its age. Width – 28 inches , 71 cm Depth – 17 inches , 43 cm Height – 61 inches , 154 cm
