Description

An antique mahogany bow-front chest of drawers featuring finely grained timber and a smooth, curved profile. The arrangement includes two short drawers over three full-width drawers, each adorned with brass lion head ring handles. The drawers are constructed with dovetail joints, reflecting period craftsmanship. Resting on turned feet, the piece presents a well-proportioned design, characteristic of 19th-century cabinetry, with a polished finish that enhances the rich tones of the wood.
