Description

A good example of an antique giltwood pricket candlestick that has been converted to a table lamp. It has been put on a good quality turned wood base and rewired to modern standards to take a standard bayonet bulb. It is in good working order with a valid PAT test. It is in good condition for its age and has a lovely aged patina. There are some areas of wear and minor losses but nothing detrimental and it displays well. Approximate Measurements: Height : 21 1/2" / 55cm Base Diameter : 9 1/2" / 24cm. The best description comes from the photos so please look at them all carefully and if you have any questions just ask. Tracked UK Delivery £15
