Description

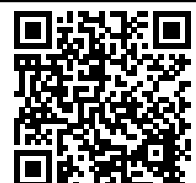

This really is a fabulous example of Regency elegance. The edge is generously carved with deep scrolls and tapers to a slim base terminating on a circular disc. The planter retains its original lime washed paint and the condition is good, compatible with age, see photographs. There is evidence of minor woodworm, (very minor) this has been thoroughly treated for peace of mind. A rare survivor of the Regency period ready to add impact to any interior. c. 1820 Code: D1067 Width: 21" 54 cm Depth: 21" 54 cm Height: 23" 58 cm
