WMF Jugendstil pewter frame

Price

Sold**Item Reference: SA1131072****Date of manufacture: 1900**

Description

A super example of an early 20th century WMF Jugendstil pewter frame. Clearly marked to one side WMF in a rectangle which I believe together with the design dates it to circa 1900. The strutt on the reverse of the frame is missing, but I understand that this would have been a fairly simple metal strutt. I have made no attempt to clean the frame it is simply in the condition it was purchased in. I shall leave the cleaning to those who are best equipped to do it.
